SUMMARY

Computer Science undergraduate with hands-on experience in Python development, data analysis, front-end development, Artificial Intelligence, Machine Learning. Skilled in applying programming, analytical, and problem-solving abilities to develop technical projects and data-driven solutions. Founder of VEGA ARK'S, with additional experience as a Full Stack Developer and through training with Infosys Springboard. Currently seeking opportunities in Data Analytics, Data Science, Python Development, where I can apply my technical expertise and analytical skills to solve real-world problems and contribute to innovative projects.

WORK EXPERIENCE

Founder | VEGA ARK'S May 2025 – Present

- Lead independent game development and technology projects, overseeing ideation, development, and implementation.
- Apply programming, 3D design, and problem-solving to build interactive digital experiences.

Full Stack Developer | INDALYXO SOLUTIONS May 2026 – June 2026

- Provided administrative support to a team of 20+ employees, including calendar management, expense reporting, and meeting coordination.
- Acted as a liaison between departments, fostering effective communication and collaboration.

Data Analyst Intern | Cognifyz IT Solutions Pvt. Ltd. June 2026–July 2026

- Selected for a Data Analyst Internship focused on Python-driven data analysis.
- Worked with data preprocessing, exploratory analysis, statistical analysis, and data visualization.
- Developed practical exposure to data-driven insights and analytical problem-solving

Data Analytics Job Simulation | Deloitte May 2026 – July 2026

- Completed a professional Data Analytics Job Simulation covering Data Analysis and Forensic Technology.
- Applied analytical techniques to real-world business scenarios and evidence-based problem-solving.

Technical Learner | Infosys Springboard March 2024 – Present

- Developed expertise in Python, Data Analytics, Data Science, AI, and Machine Learning through structured technical programs.
- Applied analytical and programming concepts to practical, data-driven problem solving.

EDUCATION

Bachelor of Science (B.Sc.) in Computer Science

St. John's College, Palayamkottai, Tirunelveli | 2024 – 2027

- Undergraduate | Final Year

Higher Secondary Education

CHRITHURAJA HR SEC SCHOOL | 2021 – 2023

- Maths Computer science.

CERTIFICATIONS & PROFESSIONAL DEVELOPMENT

Deloitte Australia – Data Analytics Job Simulation (Forage)

- Completed a practical job simulation focused on data analysis, business problem-solving, and analytical reasoning through real-world-inspired tasks.

Introduction to Data Science – Infosys Springboard

- Completed training in Data Science fundamentals, Data Analytics, Python, and data-driven problem-solving.

LANGUAGES

- English — Professional Proficiency
- Tamil — Native Proficiency
- German — Basic Proficiency
